

High Sensitivity HRP-labeled Epitope Tag Antibodies - HRP-Direct series -

"HRP-Direct series" is a series of **epitope tag antibodies** labeled directly with HRP.

MBL has succeeded to develop the HRP labeled antibodies with higher sensitivity and lower background.

Visit the Detailed Website : [HRP-Direct](#)

Highlights

- **Quick** 30min for Western Blotting!
- **High Sensitivity** Can get high sensitivity and save antibody!
- **Clear** No cross-reactivity with antibodies used for immunoprecipitation eliminating their heavy and light chain bands in the blots.

Products List

Usefulness in Immunoprecipitation

When using HRP-Direct for immunoprecipitation, no bands derived from IP antibodies are detected during Western Blotting! This is particularly effective when the band position of the target protein overlaps with the heavy chain or light chain of the antibody used for IP. **The results can be presented more clearly.**
